

Scrip FAQ's

What is Scrip? Scrip is a gift card. When you purchase a Safeway gift card for \$25, you can buy \$25 worth of gas or groceries. The best part is that the vendors give a percentage of your purchase back to the school! Rebates range from 1% to 20%, sometimes even more!

Who can purchase Scrip? Anyone can purchase Scrip gift cards for groceries, home improvement, travel and more.

When is it available to use? It is available as soon as you receive it. Orders are due the 10th of the month, or the Friday before if a weekend, and will be ready for pickup within 10 days. Cards are activated and ready to use immediately upon receipt. Plan ahead and purchase for birthdays, Christmas, graduations, etc. Even everyday purchases such as groceries, gas, and dining out can use Scrip.

Where can I use them? There are hundreds of retailers available to choose from. Can't decide? American Express, Discover, and Visa gift cards are available and make the perfect card to have on hand.

Why should I purchase Scrip? When you purchase Scrip through SAA, the school gets a percentage back *from the vendor*. This is a fundraiser that takes no extra money out of your pocket.

How do I order? Order forms can be picked up in the Business office. Send them back to school with payment. Orders can also be emailed to Melissa Maloof at scrip@sacaa.org, but payments must be sent to the business office before orders are placed.

Contact Melissa Maloof at 916.217.1043 or scrip@sacaa.org if you have any questions.
